

## 2016 PRESIDENTIAL ELECTION YEAR

Dear Glen,

*If you are OUTRAGED by what Barack Obama and his liberal allies are doing to our nation...*

*...and you know that North Carolina cannot afford a Democrat Governor who will crank back up the same failed Big Government schemes that only lead to job-killing deficits and higher taxes...*

*...then make your voice heard by renewing your annual membership in the **North Carolina Republican Party** for the 2016 Presidential Election Year today.*

With the triple crown of the Presidential race, a marquee U.S. Senate race and the country's #1 Governor's race, no state has more at stake in 2016 than North Carolina.

Hillary Clinton knows that the path to the White House runs right through here. She is prepared to unleash whatever amount of attack dollars it takes to turn North Carolina from red to blue. And, Democrats across the state are hoping to use her attack machine's coattails to silence Richard Burr's rock-ribbed conservative voice in the U.S. Senate and replace Governor McCrory with a big spending puppet of the "Moral Monday" crowd.

Our work is clearly cut out for us, and your *2016 Presidential Election Year Membership Renewal* of \$185, \$370 or even \$555 will be put to work immediately to:

- >> **Protect the Governor's Mansion:** *When Governor McCrory took office, our state had the nation's 5<sup>th</sup> highest unemployment rate, one of the highest tax burdens in the South, and we were saddled with over \$2 Billion in unemployment debt to the federal government. Under Republican leadership, we turned the state deficit into a more than \$400 million surplus, passed across the board historic tax reform and paid off our debt to the federal government several years early (which will save North Carolina businesses \$600 million in taxes and fees in 2015-2016 alone). We've come a long way in getting our state back on track, and the last thing we can afford is to go back to the old ways of reckless debt, higher taxes and soaring unemployment.*
- >> **Re-elect Senator Richard Burr:** *While Senator Burr has stood strong on his positive agenda of earned prosperity, lower taxes, making government live within its means, and a more secure nation, Democrats have slung mud and hurled attack ads. They know that winning Senator Burr's seat could be the difference maker in which party controls the U.S. Senate, and that's why it's at the very top of their target list.*
- >> **Deliver North Carolina's 15 Electoral Votes for our next Republican President.** *President Obama's failed policies of higher taxes, burdensome regulations and weak foreign policy such as the disastrous Iran deal and no strategy to stop ISIS have failed the American people. We must keep North Carolina red on the Presidential map and stop the Democrats from coronating Hillary for what will amount to nothing more than a "third Obama term."*
