Subject: (for Elaine) American Citizen, asking you to make sure "every vote counts"

Hello, Elaine Marshall, my name is Hugo and as an American citizen living in Sweden, I kindly ask you to call all your Electoral College representatives for your state and point-out politely that a significant majority of over 1 million American Citizens have voted (Last VOTE COUNT by CNN - 2016 election results shows 62,115,634 votes for Hillary Clinton = 48.0%) to have Hillary Clinton be the next President of the United States of America. More than *a million people* is a BIG difference and should be considered because "EVERY VOTE COUNTS" should actually MEAN that EVERY, VOTE, COUNTS. Please make your Electoral College representatives aware of that number by personally speaking to them. Thank you. Our nation depends on your integrity as Secretary of State.
