Marsha,

My name is Robert Steinburg and I run the WolfeStein Group based in our great state of North Carolina. We are a sports promotion company specializing in NCAA Division I college basketball tournaments, classics, and single game events beginning with the 2018-19 season. I am extremely impressed with your facility and would love the opportunity to rent it out if the dates are available.

Can you tell me if **November 23-25, 2018 (13+ months from now)** are available? If so, we are very much ready to start the process. Basically, there will be 2 games per day (late afternoon/early evening) for all 3 days. This will be NCAA certified and will feature possibly 2 teams from North Carolina. While I am sure you have MANY things on your plate at the moment, from a sponsorship and scheduling standpoint, this is very time sensitive on our end. I would love to work with you for a fantastic event that will not only feature competitive Division I college basketball teams, it will attract a great deal of fans, as our marketing plan and strategic scheduling will put people in the seats. I eagerly await your reply!

Robert Steinburg
