

NORTH CAROLINA GENERAL ASSEMBLY

Session 2019

Legislative Actuarial Note

Health Benefits

Short Title: Study State Health Plan Design.
Bill Number: House Bill 184 (First Edition)
Sponsor(s): Representatives Dobson, Howard, Brisson, and Adcock

SUMMARY TABLE

ACTUARIAL IMPACT OF H.B. 184, V.1 (\$ in millions)

	<u>FY 2019-20</u>	<u>FY 2020-21</u>	<u>FY 2021-22</u>
State Impact			
State Health Plan Net Loss	63 to 86	182 to 264	184 to 241
NET STATE IMPACT	\$63 to \$86	\$182 to \$264	\$184 to \$241

The State Health Plan's Net Loss is projected to increase by the amount shown above, decreasing the cash reserves of the Plan. Any deterioration in Plan financials does not directly translate to an increase in State appropriations in the short-run, but is likely to increase appropriations in the long-run. Roughly 57% of premiums paid to the Plan are derived from the General Fund.

ACTUARIAL IMPACT SUMMARY

House Bill 184 (First Edition) creates a study committee to recommend a design for the State Health Plan (Plan) and submit its final report no later than April 1, 2020. The bill also requires the Plan to continue to use the Blue Cross Blue Shield of North Carolina Blue Options provider network and to reimburse participating network providers in accordance with 100% of the applicable fee schedule through December 31, 2021. This requirement does not apply to the Medicare Advantage plans.

The State Treasurer has announced his intention to move the Plan to a reference-based pricing approach effective January 2020 that would tie most medical provider prices to a multiple of the prices set by Medicare for the same services.

The Segal Company, the actuary for the Plan, and Hartman & Associates, the actuary for the General Assembly, estimate that the bill will increase the Plan's claims expenses by the following amounts by preventing the reference-based pricing approach until at least 2022:

	FY 2019-20	FY 2020-21	FY 2021-22
The Segal Company	\$63 million	\$182 million	\$241 million
Hartman & Associates	\$86 million	\$264 million	\$184 million

Both actuaries relied on the Plan’s estimated claims savings and did not attempt to duplicate the savings calculation. Both actuaries’ estimates reflect the adjustment in the proposed rates announced on March 13, 2019 to an average of 182% of Medicare prices.

The bill would also impact the Other Postemployment Benefit (OPEB) liability of the State and related governmental units. The Segal Company states that if the bill passes, the ability to reflect the reference-based pricing approach in the June 30, 2019 valuation would be hampered and subject to auditor scrutiny. The Segal Company estimates that without reflecting the reference-based pricing approach, the Total OPEB Liability will increase by \$1.1 billion and the Actuarially Determined Contribution (ADC) will increase by 0.4% of payroll, relative to the Liability and ADC reflecting the reference-based pricing approach.

Hartman & Associates estimates that the Total OPEB Liability calculated without the reference-based pricing approach would be roughly \$1.0 billion higher than the Liability calculated with the reference-based pricing approach. Hartman & Associates estimates that the Total OPEB Liability would increase by \$85 million if the Liability calculation assumes the reference-based pricing approach is implemented in 2022, but notes that we do not know what the committee will recommend and that the Liability is expected to be calculated without reflecting the reference-based pricing approach until a new model is implemented.

ASSUMPTIONS AND METHODOLOGY

The actuarial analyses used by each respective consulting actuary are on file with the Fiscal Research Division. Copies of each respective consulting actuary's analysis, including assumptions, are also attached to the original copy of this Legislative Actuarial note.

Summary Information and Data about the State Health Plan (Plan)

The Plan administers health benefit coverage for active employees from employing units of State agencies and departments, universities, local public schools, and local community colleges. Eligible retired employees of authorized employing units may also access health benefit coverage under the Plan. Eligible dependents of active and retired employees are authorized to participate in the Plan provided they meet certain requirements. Employees and retired employees of selected local governments and charter schools may also participate in the Plan under certain conditions.

The State finances the Plan on a self-funded basis and administers benefit coverage under a Preferred Provider Option (PPO) arrangement, with the exception of many Medicare-eligible retirees who are in fully-insured Medicare Advantage plans. The Plan's receipts are derived through premium contributions, investment earnings and other receipts. Premiums for health benefit coverage are paid by (1) employing agencies for active employees, (2) the Retiree Health Benefit Fund for retired employees, and (3) employees and retirees who participate in a plan with a non-zero premium or who elect dependent coverage. Benefit and premium changes are typically

effective at January 1. The Plan's PPO benefit design includes two alternative benefit levels listed below:

- 1) The 70/30 Plan that offers higher out-of-pocket requirements in return for lower employee and retiree premiums, and
- 2) The 80/20 Plan that offers lower out-of-pocket requirements with higher employee and retiree premiums.

Medicare-eligible retirees are offered three alternative plans:

- 1) The 70/30 Plan as coverage secondary to Medicare for medical services plus a pharmacy benefit plan,
- 2) "Base" Medicare Advantage Prescription Drug Plan (MA-PDP) from United Healthcare, that is actuarially equivalent to the 80/20 Plan and applies in-network out-of-pocket requirements at out-of-network providers
- 3) "Enhanced" MA-PDP, identical to the "Base" MA-PDP, except with lower co-pays and higher retiree premiums

The following tables provide a summary of the most common monthly premium rates for the Plan in 2019:

Active Employees and Non-Medicare Retirees (if Fully Subsidized)

	Employer Share	Employee/Retiree Share	
		Complete Tobacco Attestation	Do Not Complete Attestation
70/30 Plan	\$519	\$25 *	\$85 *
80/20 Plan	\$159	\$50	\$110

* \$0 for Non-Medicare Retirees

Medicare Retirees (if Fully Subsidized)

Medicare Advantage Plans

	Employer Share	Employee/Retiree Share
MA-PDP Base Plan	\$403	\$0
MA-PDP Enhanced Plan	\$403	\$63

Alternate Plan

	Employer Share	Employee/Retiree Share
Traditional 70/30 Plan	\$403	\$0

Dependents (paid by employee/retiree in addition to premiums above)

	All Dependents are Non-Medicare		One or More Medicare Dependents		
	70/30 Plan	80/20 Plan	MA-PDP Base	MA-PDP Enhanced	70/30 Plan
Employee/Retiree + Children	\$193	\$255	\$89	\$152	\$155
Employee/Retiree + Spouse	\$565	\$650	\$89	\$152	\$425
Employee/Retiree + Family	\$573	\$670	\$178	\$304	\$444

The employer share of premiums for retirees is paid from the Retiree Health Benefit Fund. During FY 2018-19, employers contribute 6.27% of active employee payroll into the Fund. Total contributions for the year are projected to be approximately \$1,096 million.

Financial Condition

Projected Results for CY 2019 and CY 2020 – The following summarizes projected financial results for 2019 and 2020, based on financial experience through September 2018. The projection assumes a 7.0% annual claims growth trend for medical claims, a 9.5% trend for pharmacy claims, benefit provisions and member-paid premiums as adopted by the Board for 2019, Medicare-based provider pricing beginning in 2020, and 4% employer premium increases in 2020.

	(\$ millions)	
	Projected CY 2019	Projected CY 2020
Beginning Cash Balance	\$1,056.7	\$1,079.0
Receipts:		
Net Premium Collections	\$3,690.6	\$3,841.9
Medicare Subsidies	\$10.3	\$10.4
Investment Earnings	\$9.3	\$9.4
Total	\$3,710.1	\$3,861.7
Disbursements:		
Net Medical Claim Payment Expenses	\$2,533.7	\$2,530.9
Net Pharmacy Claim Payment Expenses	\$767.7	\$842.9
Medicare Advantage Premiums	\$171.4	\$239.2
Administration and Claims-Processing Expenses	\$215.0	\$207.1
Total	\$3,687.8	\$3,820.1
Net Operating Income (Loss)	\$22.3	\$41.6

Of the premiums paid in CY 2019, an estimated \$2.4 billion is derived from General Fund sources and an estimated \$0.1 billion is derived from Highway Fund sources.

Other Information

Additional assumptions include Medicare benefit “carve-outs,” cost containment strategies including prior approval for certain medical services, utilization of the “Blue Options” provider network in 2019 and Medicare-based pricing in 2020 and beyond, case and disease management for selected medical conditions, mental health case management, coordination of benefits with other payers, a prescription drug benefit manager with manufacturer rebates from formularies, fraud detection, and other authorized actions by the State Treasurer, Executive Administrator, and Board of Trustees to manage the Plan to maintain and improve the Plan's operation and financial condition where possible. Medical claim costs are expected to increase at a rate of 7.0% annually and pharmacy claim costs are expected to increase at a rate of 9.5% annually according to assumptions adopted by the Board of Trustees. The active population is projected to remain unchanged, the pre-Medicare retiree population is projected to decrease by 1% per year and the Medicare-eligible retiree population is projected to increase by 3% per year.

Enrollment as of January 1, 2019

LEGISLATIVE ACTUARIAL NOTE – PURPOSE AND LIMITATIONS

This document is an official actuarial analysis prepared pursuant to Chapter 120 of the General Statutes and rules adopted by the Senate and House of Representatives. The estimates in this analysis are based on the data, assumptions, and methodology described above. This document only addresses sections of the bill that have projected direct actuarial impacts on State employee health benefit programs and does not address sections that have no projected actuarial impacts.

CONTACT INFORMATION

Questions on this analysis should be directed to the Fiscal Research Division at (919) 733-4910.
