

Victory Committee Reply along with an urgent contribution of \$35.

As I said, North Carolina is about to become the most expensive battlefield in the country for the 2026 midterms...

And the extremist Democrats already have more than \$800 million in their war chest, ready to prop up Roy Cooper and lie about his values.

Now, we don't have to outspend them dollar-for-dollar. We just need to get our message out through volunteer canvassing, ad spots on TV and radio, and mobilizing America First voters.

So if you can send more -- say \$50, \$100, or even more -- know that every bit helps.

Let's work together to make sure the radical Democrats don't destroy our beloved North Carolina, [REDACTED]

For North Carolina,

[REDACTED] Senator Ted Budd (R-NC)

P.S. North Carolina is about to become the most expensive battleground in the 2026 midterms, [REDACTED]. And Roy Cooper is preparing to lie, spin, and [REDACTED] his extremist views all over again. I need YOUR SUPPORT TODAY to stop him. Please join my **North Carolina Victory Committee** today by rushing back an urgent gift of \$35 or more.

Paid for by Ted Budd for Senate.

Not paid for at taxpayer expense.
